EARLY CHILDHOOD INTERVENTION AUSTRALIA (NSW Chapter) Inc

PowerPoint Presentation CD Order Form

This PowerPoint module, *Early Childhood Intervention*, has been developed by Sue Davies (Manager of Kurrajong Early Intervention Service, Wagga Wagga), in consultation with members of the ECIA NSW Professional Development Sub-committee, for Early Childhood Intervention Australia (NSW Chapter).

The aim of the module is to increase community awareness and understanding of early childhood intervention. It provides a clear and concise overview of early childhood intervention and its importance for young children with disabilities or delays and their families.

The presentation should take about 20 minutes, but presenters are encouraged to expand on the base information by talking about their own experiences with early childhood intervention.

This presentation would be suitable for delivering to early childhood intervention workers, early childhood workers, allied health professionals, students, local community/charitable groups and service clubs.

Please send me _____ copies of the PowerPoint Presentation CD @ $22-00 for ECIA NSW members and $33-00 for non-ECIA members (plus $2-75 for postage and handling).
